

Join us for the Town of Neenah Annual Meeting Tuesday, April 20, 2021

The Annual Meeting will be held at the Town Hall, 1600 Breezewood Lane and, will be offered virtually via Zoom.

Zoom details will be posted on the Town website, Town Facebook page, and posting boards.

This is **YOUR** meeting. We want to hear from **You!**

Town residents have an opportunity to talk about any subject they wish.

- ♦ What are your concerns, hopes, dreams for the Town of Neenah?
- ♦ Where would you like to see the Town of Neenah in the future?
- ♦ The newly elected Town Officials and Sanitary District Commissioner will be sworn into office.

ANNUAL MEETING

Spring Election 2021

The Spring 2021 Election will be held on Tuesday, April 6, 2021. All eligible voters in the Town of Neenah vote at the Municipal Building, 1600 Breezewood Lane, Neenah. Polls will open at 7 am and close at 8 pm.

There are many local positions on the Spring 2021 Election ballot. Sample ballots are posted on the Town of Neenah's website, Facebook page, and MyVote Wisconsin (www.myvote.wi.gov).

The Town Chairman and Town Supervisors each serve two-year terms.

Town Chairman

Incumbent Robert Schmeichel is running unopposed.

Town Supervisors

Incumbents Brooke Cardoza and Tom Wilde are running for two positions on the Town Board of Supervisors.

Sanitary District Commissioner

Sanitary District #2 has one commissioner spot up for election in its three-member commission. The elected positions serve six-year terms.

Dan Osero is running unopposed for Sanitary District #2.

The Town of Neenah joined the Joint Municipal Court in October 2020. You can find out more about the Town joining the municipal court in the Resident Handbook on the Town of Neenah website.

Multi-Jurisdictional Judge

Jon Stelzner is running unopposed.

Neenah Joint School District

Four candidates are running for three positions on the Neenah Joint School District Board of Education. For additional information, visit the Neenah Joint School District website.

SPRING ELECTION 2021

Chairman Candidate: Bob Schmeichel

Hello everyone. This is "Bob" Schmeichel. For the past 12 years, I have had the honor of serving the Town of Neenah as your Town Chairman. Thank You. I am once again running for the position of Town Chairman.

After working for the City of Madison planning department during the 70's, and doing consulting work as a Professional Landscape Architect, I moved into the Fox Valley in 1981. I worked for many years for two major Fox Valley landscape firms and taught the Fox Valley Tech's Horticulture and Landscape program at the State of Wisconsin

Department of Corrections.

I have enjoyed the wonderful amenities of this area and Town for both pleasure boating, fishing, and its vibrant, friendly people for 40 years. My father, who was a US Soil Conservationist, who had course studies under the renowned environmentalist "Aldo Leopold," instilled in me Leopold's mantra of "you take care of your land and water, and your land and water will take care of you." I hold to that to this day.

As a Landscape Architect, I am acutely cognizant of what affects our overall landscape, both positively and negatively. I am a member of the Northeast Wisconsin Stormwater consortium and understand drain systems and how it impacts our environment, thus I have been totally involved in our town's stormwater management.

My years as a professional business department manager, gave me a good background in budgets, cost analysis, and contract bidding. All of which have proven very beneficial in town management activities. I hold an appointed position on the East Central Wisconsin Regional Planning Commission, and I am presently the Wisconsin Town Association's Unit Chairman for all towns in Winnebago County.

My wife Sue and I are members of Trinity Lutheran Church here in Neenah and have a wonderful blended family of seven children, 16 grandchildren, and 1 great grandchild. (Christmas is a circus).

Supervisor Candidate: Brooke Cardoza

My husband, Brad, and I have two sons, ages 9 and 14. I have been a life-long Town of Neenah resident, outside of the four years I spent at the University of Wisconsin – Madison earning a degree in Journalism with an emphasis on Advertising and Public Relations.

I am a Tactical Design Manager at Phototype, a packaging graphics company. In my role, I serve as a project lead and client service provider for a large consumer packaging company in the area.

In addition to the Town Board, I serve on the Parks & Trails Committee and the Communications Committee. I love the planning that takes place to ensure that residents have beautiful areas and updated amenities to use at Town of Neenah parks. I'm looking forward to people enjoying the new pavilion and basketball court at Franzoi Park this summer. The Communications Committee continues to help make information more readily available to Town residents and successfully launched the updated Town website last year.

One thing I appreciate most about serving on the Town Board is being able to help individual residents with their questions and concerns. Although I may not always know the answer, I do my best to research the information you are looking for. I continue to learn new things at each and every Town Board meeting. The knowledge I gain from the discussions had at the meetings is rewarding, and helps me to make informed decisions that help make our community great.

SPRING ELECTION 2021

Supervisor Candidate: Tom Wilde

I am seeking a second term as Supervisor for the Town of Neenah. My wife Barb and I are lifelong residents in the Neenah area, living in the Town of Neenah the last 23 years. We have two grown children and have been blessed with four grandchildren, each of our children having a set of twins. Barb and I are active members of Trinity Lutheran Church, Neenah.

I am a retired sales manager and have been active in the Town of Neenah since 2003. I started serving on the Town's Trail Committee in 2003. In 2005 I was appointed to the Planning Commission and in 2015 became Chairman. I have also served on the Town's Salary Review Committee in 2014 and 2017.

Since 2016, I have represented the Town of Neenah on the Appleton Redevelopment Authority over seeing the construction and financing of the Fox Cities Expo Center, which was completed and opened in January of 2018. I continue to represent the Town on the ARA as well as the Fox Cities Champion Sports Center, which opened in late 2019. In addition, I represent the Town on the Fox Cities Room Tax Commission.

The past two years have been very educational and informative and I have enjoyed meeting many of you. I look forward in to the opportunity to continue to represent and work with the residents of the Town of Neenah in the coming two years.

SPRING ELECTION 2021

Commissioner Candidate: Dan Osero

I have lived in the Town of Neenah since 2009 with my wife Lori and two kids Avrianna and Danny. I am an active member of the Town of Neenah Fire Dept since 2011. I have served as a Sanitary District Commissioner since 2013 and look forward to the opportunity to continue my service to the community.

OPEN BOOK AND BOARD OF REVIEW

WHAT IS OPEN BOOK?

Open Book is a time for property owners to have a chance to meet with the Assessor to review their property record and assessment. Property owners can ask questions about how their assessment was determined or verify if the characteristics of the property are correct. Often times property owner concerns can be addressed during the Open Book process. Bowmar Appraisal is the Town Assessor and is available to owner questions during normal business hours at (920)733-5369 or bowmar@sbcglobal.net

WHAT IS BOARD OF REVIEW?

If a property owner is not able to resolve their concerns during Open Book they have the option of appealing their assessment to the Board of Review. A property owner must file a notice of intent to appeal with the Clerk at least 48 hours before the Board of Review is scheduled.

Typically Open Book and Board of Review occur in May each year. The schedule for Open Book and Board of Review will be posted on the Town of Neenah website under the Assessor tab, on the Town of Neenah Facebook page, and posting locations when the schedule becomes available.

ROAD CONSTRUCTION SEASON

As you all know, there are two seasons in Wisconsin. Winter and Road Construction Season!

Our first job in the spring is to do what we call the road tour. We look for roads that have deteriorated over the winter and confirm what roads we have budgeted to repair this year. Our town roads are rated on a 1-10 scale, with 1 being the worst and 10 being the best. Most of our town roads are in good shape, (the 6-8 range).

We are looking for general degradation of the road surface, potholes, cracks that have opened up, shoulder material that may be low, or the snowplow may have plowed it into the ditch. We are also looking for traffic and 911 signs that are down, or in poor condition. We are also observing road ditch drainage issues, debris in the ditch, as well as a plan to fix any problems.

A few of the methods we use for repair are wedging, crack sealing, chip sealing, and putting a thin overlay of blacktop over the top of the existing one. As a last resort, and the most costly, is a complete road reconstruction. This usually involves grinding up the existing blacktop, and using that as a base. We then put 4-5 inches of new asphalt over the top. Generally, a new road should last 25 - 40 years, but it has to be maintained over its entire life.

Last year, our major road projects were Fieldcrest Drive and Mandella Court. This year they are Acco Avenue and Carey Court. Our total Road Budget for 2021 is \$350,000, including new roads, repairs, signage, and snowplowing. Every time we have a snowstorm, the cost of clearing our roads takes money away from what we can spend on maintaining our roads.

So.... Let's hope we have seen our last snowstorm for this spring!

GOOD NEIGHBORS

When Wisconsin became a state in 1848, the Town of Neenah included the area now known as the City of Neenah, all the way up to Nicolet Boulevard. As the downtown area grew, it became a village, and then the City of Neenah in 1873. Because of the City of Menasha to the north and Lake Winnebago to the east, the only way it could grow was to the south and west into the Town of Neenah.

The Town of Neenah basically let the City grow at will until the 1980's when the DNR said the homes near Lake Winnebago needed to hook up to a municipal sewer system. The City, however, wanted these homes to annex to the City before hooking up. Eventually, the Town, after many legal battles, was able to get municipal sewer and keep that area in the Town.

The City, however, continued to grow to the south and west. As the leadership changed in the 1990's, the Town started to challenge every annexation. In 1999, as the City was ready to move south from County Road G to Muttart Road, the Town had had enough. With the Town people's

approval, the Town purchased this property. As the legal battles continued, the Town purchased more land west of Tullar Road and north of Oakridge Road.

George Scherck was elected as mayor of the City of Neenah in 2002. Mayor Scherck said we all need to get along. Negotiations began to resolve our differences. In 2003 the Border Agreement was agreed to. As a result, the City has growth corridors it may annex from the Town without legal challenges. The Town has Town growth areas; in these areas, the Town has access to the Neenah/Menasha Sewage plant via their sewer system. The agreement is for thirty years which we are eighteen years into. It will last twelve more years until 2033. The Border Agreement has stood the test of time.

The City of Neenah and the Town of Neenah are once again working together to make this a great area to live, work, and play.

OUR LOCAL PARKS, TREES AND FORESTS

Most of us probably remember a high school class where we talked about trees, edible plants, and other ecological issues. Most likely we have forgotten about most of that until our memory is jolted into an issue that is a little closer to our home. When I was younger, I remember many trees dying with "Dutch" Elm Disease." If you have been to Door County recently, you will notice Birch trees under assault and dying from Beech Bark Disease and Bronze Birch Borer.

That brings us to today and the Emerald Ash Borer (EAB). Nearly every nearby community is implementing a plan to attempt to slow the spread of the EAB and remove trees that have already died from the disease. The Town Park and Trails Committee has assessed the impact to our parks and trails and has started to implement our plan. We have had great support from our local DNR forestry division. The DNR has helped us confirm EAB presence and given regional guidance on mitigation and reforestation. Many trees at Conservancy park were infested with EAB that has caused the death of the trees. Chemical treatment has been ruled out as it is very expensive and has to be treated for each tree for the life of the tree. (The Ash tree can live 2-300 years!) Our Town of Neenah plan is as follows:

#1 Identify unsafe Ash trees near public spaces and remove them

(Conservancy Park walking trail is a good example of trees removed that would have fallen onto the trail. This is being evaluated at all town parks.)

#2 Ash trees in other areas will be cut and left for nature or chipped into the woods.

#3 The DNR has given us electronic resources to plan for replanting and reforestation of our parks. The main theme (as with everything) is "diversification". If we replant many species of trees in the forest, it will be a strong forest and one disease will not wipe it out.

#4 State of Wisconsin grants are not available for the foreseeable future. Like Covid 19, no one expected the EAB financial drain on our budget.

#5 Reforestation can be achieved with the help of town residents. Please look to the Town Web page for opportunities for donation trees in memory of someone or because you feel the call to get involved in your community. If you have a group or business that would like to get involved, please reach out to the town office. If you want to know more about EAB and reforestation you can follow these links!

Tom Jankowski , Town of Neenah Park and Trails Committee

TREE DONATION PROJECT

The Parks and Trails tree donation project enables donors to choose a park and a tree choice. Donors may choose between a colorful maple tree or a different type of tree that the donor specifies.

The donation amount is \$250 and is tax deductible. The donor will receive a receipt for their donation and a picture of their tree once it is planted.

Please visit the Town of Neenah website for more information:

<https://townofneenah.com/wp-content/uploads/2020/12/Tree-Donation-Fillable-Form.pdf>

GET INVOLVED AT THE TOWN OF NEENAH

Town of Neenah Sanitary District #2 Commissioner: Due to a change in residency, there is a vacancy on the District's Board of Commissioners. The Commissioners meet once per month and as need for projects. The Commissioners are paid a small stipend for their services. Experience or knowledge in engineering and/or sanitary public works is helpful but not required.

Personnel Committee Member: The Town Board is seeking volunteers for the newly created Personnel Committee. The Committee will be tasked with developing and implementing employment policies and procedures related to employee performance reviews. Experience in human resources, employment law, and/or personnel management is preferred.

If you are interested in getting involved or would like more information, please contact Chairman Bob Schmeichel at 729-5995 or Ellen Skerke at 725-0916, ellen@townofneenah.com

Town of Neenah Fire Department Seeking Paid-on-Call Fire Fighters

Town of Neenah Fire Department is accepting applications for individuals who are interested in serving the community in the role of Paid-on-Call Firefighter. The Fire Department will provide all of the necessary training and protective equipment that you need to safely and effectively perform your duties. Each firefighter is compensated for training hours, emergency calls, staff meetings, and work details around the fire station. On average our firefighters will earn \$1,500 per year.

To learn more, contact Fire Chief Ed King at chiefking@townofneenah.com or review additional information on the Town of Neenah's website at <https://townofneenah.com/> under the Fire Department tab. An employment application can also be found there.

FIRE DEPARTMENT

Town of Neenah Fire Department is once again able to provide battery powered Smoke Detectors/Smoke Alarms to Town of Neenah residents

In 2017 the Town of Neenah Fire Department installed over seventy five (75) battery powered Smoke Detectors in single family homes throughout the Town. The Fire Department has secured additional units to be able to offer this service and important fire safety program once again. The smoke detectors/smoke alarms being provided are a sealed unit containing a lithium battery with a 10 year life, so no annual battery changes are required.

These Smoke Detectors have been provided to the Town of Fire Department at no cost under a grant program secured by the Professional Fire Fighters of Wisconsin. The goal of this program is to help reduce deaths and injuries from fires in single family homes. In 2020 there were 52 deaths in single family homes here in Wisconsin. So far this year in 2021 there have been 12 fatalities.

If your home was constructed before April of 1992, you more than likely have battery powered smoke alarms. Homes constructed after April of 1992 were required by state law to have hard wired smoke alarms installed during construction.

If you feel that the smoke alarms that you currently have installed in your home may not be in the best of shape or

may be older, (the usable life of a smoke alarm is 10 years), or you do not have any smoke alarms in your home, the Town of Neenah Fire Department can help to provide and install new smoke alarms in your residence.

To sign-up for this program, complete the form below or contact the Town of Neenah town office at (920) 725-0916 and provide your name, address and contact number and email.

You will be contacted by a member of the Fire Department to arrange a time for the installation to take place.

In order to maintain safety during these installation visits, the Fire Department members performing these installs will have had both COVID-19 vaccinations and will wear the appropriate PPE, namely face masks.

The Town of Neenah Fire Department looks forward to working with our residents to ensure their homes are as safe as possible.

Thank you. Fire Chief Ed King

Smoke Detector / Smoke Alarm Request

Complete form and return to the Clerks office via mail, email (ellen@townofneenah.com) or fax (920) 725-2402. You may call office and provide your information. Office : (920) 725-0916

A member of the Fire Department will contact you to arrange a time for installation of new battery- operated smoke detectors/ smoke alarms.

CAPTAIN STEVE KUEHNL RETIRES AFTER 44 YEARS AS A FIRE FIGHTER

What a remarkable journey for Steve Kuehnl, who joined the Town of Neenah Fire Department on March 5, 1977, in his early 20's and retired 44 years later on March 5, 2021. Steve has served the Town of Neenah community and helped many people, business owners, and coworkers throughout his tenure. The Town of Neenah is fortunate to have had such a dedicated and committed individual in the Fire Department ranks. Steve is amongst some of our longest serving members on the Department and retires with the most number of years accredited to him upon his retirement.

"All of us on the Department knew the day when Steve would retire was on the horizon, but we hoped it would never come. Steve took his duties with the department seriously and always provided the leadership that many of us looked to." Fire Chief Ed King

During his 44 years with the Fire Department, Steve has served many positions within the Department and was an active member who seldom missed an emergency call. Some of the roles Steve held include Treasurer for over 10 years, Driver/Operator, Captain for 15 plus years, and recently as Safety Officer for the last 5 years.

Steve has been a mentor and leader for new recruits helping them learn with hands on experience when the opportunity arose. He always has a smile on his face and could often be heard chuckling around the station.

"It has been an honor to serve on the Town of Neenah Fire Department. I have met many friends, had great experiences, and feel that I have helped the community." Steve Kuehnl.

We also thank Steve's family. Thank you to his brothers, who picked up the chores of operating the farm when Steve dropped everything and left without notice when the call came in. Thank you to his wife Mary, children, and grandchildren for all the times he left in the middle of dinner, missed a family gathering or event, or was awoken in the middle of the night.

Steve, Thank you from the bottom of our hearts for your commitment, leadership, and friendship. We wish you the best of luck in your retirement. You will be missed!

STORMWATER, WHY DO WE CARE?

Stormwater runoff is rainfall that flows over the ground surface from buildings, driveways, roads, and other impervious surfaces.

It is important for stormwater management the ditches are kept clean and flowing. You are not permitted to perform any work in the road right of way without prior authorization from the Town of Neenah (except for mowing the ditch). Permits may be obtained from the Town Office. You may not reconfigure a ditch, add hardscape, landscape, or vegetative materials to the ditch, and you may not use the ditch to dispose of grass clippings, leaves, or other yard waste materials. Please do your part to keep the stormwater management system working properly.

The roadside ditches that collect the stormwater do not connect to a treatment system. Stormwater can pick up and carry litter, nutrients, bacteria, chemicals, sediment (soil), and other pollutants through a stormwater system, untreated, to the nearest creek, stream, or Lake Winnebago that we use for swimming, fishing, and as a drinking water supply. Stormwater pollution can impact aquatic life like ducks, fish, turtles, and birds. Polluted water can create a health hazard and affect drinking water sources.

In the next newsletter, we will share *Ten Things You Can do to Prevent Stormwater Runoff Pollution*.

CLERK'S CORNER

The following is a summary of Town Board action taken during Town Board Meetings over the past few months .

- Approve 2021 General Engineering Agreement with McMahon.
- Approve assessor's contract 2021-2022.
- Accept General Code proposal for codification services to upgrade to Standard eCode365.
- Approve Resident Spotlight Policy per Communications Committee request.
- Approve Statement of Intent for 2021 Winnebago County Per Capita Funding Program, \$4,055.
- Approve job description for Town Administrator-Clerk-Treasurer position.
- Appoint Steve Coburn to Neenah Menasha Sewerage Commission for a three-year term.
- Approve lease agreement between Town of Neenah and Scott and Tricia Jurek for rental of a pole barn located on parcel 010-02180603.
- Approve Building Access Policies and Procedures Document.
- Approve Resolution 2020-25: 2021 Storm Water ERU Rate for 2021.
- Approve Resolution 2020-26: 2021 Compensation Schedule.
- Approve Resolutions 2021-01 and 2021-02 to amend the 2020 Town of Neenah Budget.
- Approve Town of Neenah Covid-19 Policy.
- Accepted retirement of Fire Fighter Bradley Liebhauser and resignation of Fire Fighter Colleen Kaiser.
- Approved Operator's License for R. Chavez.
- Accepted Agreement with Town of Clayton for winter road maintenance on Clayton Avenue and Michael Avenue.
- Accepted Quit Claim Deed for parcel 010-008003 to be dedicated as road right of way on Breezewood Lane near Fury Lane.
- Reappoint Thomas Wilde to Appleton Redevelopment Authority Exhibition Center Advisory Committee for a two-year term.

REMINDERS

- **SHREDDED PAPER:** Shredded paper is **NO LONGER** accepted in curbside recycling.
- **WEIGHT LIMITS:** Weight limits began March 8th. They remain in effect until weather and road condition permit. Contact the Town Office with any questions: (920)725-0916
- **YARD SIGNS:** Yard signs are NOT permitted in any Town Road right-of-way, including advertisements and political signs.
- **PETS IN TOWN PARKS:** No animals or pets other than leashed dogs are allowed in Town parks. Dogs owners are required to immediately pick up and dispose of excrement on Town park property or adjacent to Town park property.
- **ROAD RIGHT-OF-WAY WORK:** Work in the Town road right-of-way (other than mowing) must be permitted through the Clerk's office prior to any work being performed. This includes placing rocks, stones, soil, debris, mowed grass in the ditch, or reconfiguring the town ditch.
- **BURNING:** Remember burning is permitted in the Town as set forth in Ordinance 5.05. Be respectful of your neighbors when burning. Contact Winnebago County Sheriff before and after burning (920)236-7300 #0 to avoid false alarms.
