### Wisconsin State Statutes Regarding Dog Licenses

174.05(1) Requirement. Except as provided in s. 174.054, the owner of a dog more than 5 months of age on January 1 of any year, or 5 months of age within the license year, shall annually, or on or before the date the dog becomes 5 months of age, pay the dog license tax and obtain a license.

174.05(5) Late fees. The collecting official shall assess and collect a late fee of \$5 from every owner of a dog 5 months of age or over, if the owner failed to obtain a license prior to April 1 of each year, or within 30 days of acquiring ownership of a licensable dog or if the owner failed to obtain a license on or before the dog reached licensable age. All late fees received or collected shall be paid into the local treasury as revenue of the town, village or city in which the license was issued. The governing body of any county, town, village or city may, when setting the amount of the tax, provide that any person purchasing a dog license for a dog 5 months of age or over after April 1 shall pay an additional late fee.

95.21(2)(a) Requirement for vaccination. Except as provided in s. 174.054 or sub. (9) (d), the owner of a dog shall have the dog vaccinated against rabies by a veterinarian or, if a veterinarian is physically present at the location the vaccine is administered, by a veterinary technician, pursuant to s. 89.05 (2) (d), at no later than 5 months of age and revaccinated within one year after the initial vaccination. If the owner obtains the dog or brings the dog into this state after the dog has reached 5 months of age, the owner shall have the dog vaccinated against rabies within 30 days after the dog is obtained or brought into the state unless the dog has been vaccinated as evidenced by a current certificate of rabies vaccination from this state or another state. The owner of a dog shall have the dog revaccinated against rabies by a veterinarian or, if a veterinarian is physically present at the location the vaccine is administered, by a veterinary technician, pursuant to s. 89.05 (2) (d), before the date that the immunization expires as stated on the certificate of vaccination or, if no date is specified, within 3 years after the previous vaccination.
