

The Town of Neenah is participating in the
NexTrex Recycling Challenge

You may be asking yourself, what is this, and how does it work? In a 12-month period, when the Town collects at least 1,000 pounds of plastic recycling, we will win a **free “Trex Park Bench”**.

We all save plastic bags, your “bag of bags”. Eventually they have to go, right? Well, now we have an excellent idea of how to recycle those plastic bags and plastic wrap. A collection bin is located near the front entrance at the Town Hall where you may drop off your plastic bags, wraps and film, the collection bin is available 24/7. Help us to keep these plastic bags out of the landfill and win a free park bench.

What can be recycled - Grocery bags, bread bags, bubble wrap, dry cleaning bags, newspaper sleeves, ice bags, plastic shipping envelopes, Ziploc and other re-closable food storage bags, cereal bags, case overwrap, salt bags, pallet wrap & stretch film, wood pellet bags, product bags. ***All plastic must be clean, dry, and free of food residue.***

See below to find out just how close we are to achieving our **free “Trex Park Bench”**.
